Dear Mr. Lan:

I would like to thank you for your exemplary work during the recent visit I made with my large delegation to China.

There was an endless series of logistics to work through, and a large group to move from event to event. It was an effortless experience for us, which is a testament to your many efforts and attention to every detail.

We have long valued the considerable opportunities and relationships you bring to bear in our ongoing efforts to grow our relationships in China. So again, many thanks.

Sincerely,

THEODORE R. KULONGOSKI  
Governor
